To: John Karousos, Assistant Chief  
Audio Division of the  
Media Bureau

PETITION FOR RULE MAKING

Pursuant to 47 C.F.R. 1.401, Charles Crawford respectfully petitions the FCC to institute a Rule Making proceeding to amend the FM Table of Allotments to add Channel 285A at Oil City, Louisiana.

DISCUSSION

Petitioner respectfully submits that the public interest would be served by allocating Channel 285A to Oil City, Louisiana as that community's first competing FM service.<sup>1</sup> Oil City is an incorporated city with a population of 1,219 people.<sup>2</sup> Oil City has its own mayor, Todd Hopkins, its own police department, Michael Knight chief of police, city offices, post office, elementary

---

<sup>1</sup> Station KUMA/ Channel 300 C2 is currently licensed to Oil City, Louisiana.

<sup>2</sup> 2000 U.S. Census

school, volunteer fire department, and a number of local churches. The proposed channel 285A will provide additional diversity and an outlet for local self-expression to Oil City residents and therefore is in the public interest.

In order for Channel 285A to be allotted to Oil City, Louisiana, station KYKS Channel 286C at Lufkin, Texas must be reclassified to a C0. (See, Attachment A, Request to Reclassify Statement)

Attached hereto is a channel study confirming that Channel 285A can be allocated to Oil City, Louisiana, consistent with the FCC's FM separation rules. See revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1992). (See, Attachment B)

Reference coordinates for Channel 285A at Oil City, Louisiana are:

32 44 11 N  
94 08 10 W

Should this petition be granted, and Channel 285A be allotted to Oil City, Louisiana, Petitioner will apply for Channel 285A, and after it is authorized, will promptly construct the new facility.

The factual information provided in this Petition for

Rule Making is correct and true to the best of my  
knowledge.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Charles Crawford', is written over a horizontal line.

FCC - MAILROOM

Petition for Rule Making  
FM Channel 285A  
Oil City, Louisiana  
August 5, 2003

### Attachment A

Request to Reclassify  
Station KYKS(FM), Lufkin, Texas  
Pursuant to MM Docket 98-93

Radio Station KYKS(FM), Lufkin, Texas is licensed to Capstar TX Limited Partnership, 2625 S. Memorial Drive, Suite A, Tulsa, Oklahoma 74129, (Facility ID 25582), FCC File No. BLH 19900827KA. The facility operates with a power of 100 kilowatts with center of radiation 325 meters height above average terrain. The above captioned Docket 98-93 provides the mechanism to automatically downgrade a Class C facility to Class C0 when a demand is made for the spectrum, as is the case here. Charles Crawford respectfully requests that the license of Radio Station KYKS (FM) be modified to specify operation on FM Channel 286C0 instead of on FM Channel 286C in accordance with the above Docket which provides for such downgrades when a demand for the unused spectrum is made, as is the case here.

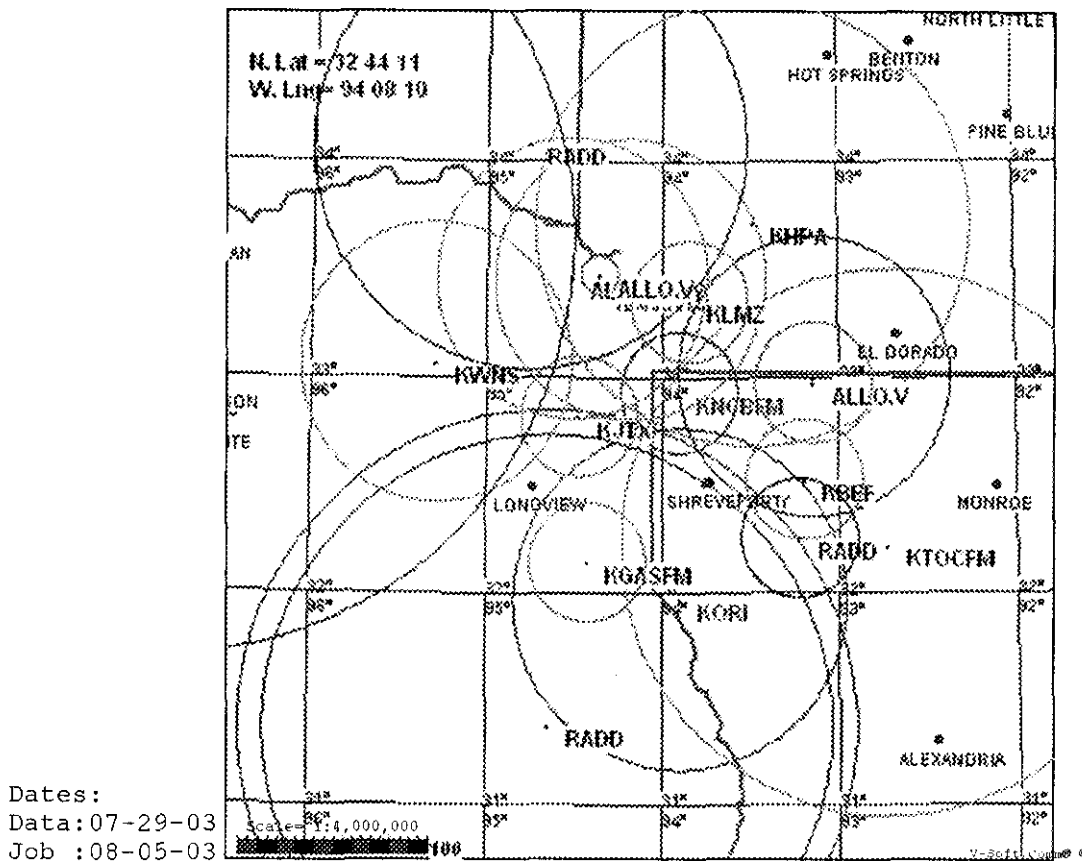

Charles Crawford, the proponent of Channel 285A at Oil City, Louisiana, in accordance with the above Docket, formally requests that the Commission reclassify Radio Station KYKS (FM) as a Class C0 facility. Charles Crawford certifies that no alternative channel is available for the service he proposes at Oil City, Louisiana as is proposed in the Petition for Rule Making. A copy of this Petition for Rule Making is being served on Capstar TX Limited Partnership, as is required in the above Docket.

Charles Crawford
